## **Summary of Activities – February 2008**

Received list of 3 issues from Holly Fonseca on Jan 21<sup>st</sup> requiring immediate action: submittal of appropriation requests, projects submitted for inclusion in the Economic Stimulus Package and USACE report on post Katrina storm proofing reimbursement. We evaluated the requests and determined that the USACE did require immediate action and began the process to address the issue. A report was prepared and meetings were set up with congressional staff of Senators Landrieu, Vitter and Congressman Melancon were later met with. Follow up is on going. The other issues will be taken up in February.

President St. Pierre, Council Chairman Authement and COO Rusty Walker were in Washington and we visited with Senators Landrieu & Vitter & Congressman Charlie Melancon and their staffs. We discussed the USACE reimbursement and other concerns of the parish.

I traveled to Louisiana and had prearranged to meet Holly Fonseca who took me to each district in the parish where we met each of the councilmen and councilwomen, except Carolyn Schexnaydre, who was unavailable and we toured the districts and discussed issues of concern for each member.

Worked with Holly in preparing forms for appropriation requests to Louisiana delegation and set meetings to discuss projects with staff.
